Website Front Page Corrections

- Website theme should be the logo colors (Green, White, Light/Dark Gray, and Orange)
- Website UI and options should be simple and compact.
- Don't use high contras colors and big content area
- Change Header UI for all pages except Home page of the conference. Let us know before your going to make a change.
- The text in header page should be in left element.

1. Icons are not showing in main website:

2. Change main page banner area:

WELCOM	ΕΤΟ		
SCIENTE	CONFERENCES		
CREATING POSSIBILITIES, DEFINING	SCIENTIFIC LIMITS AND EXCHANGING VALUES		
FIND OUR LATEST CONFERENCES	٥		
Instead of using plain	green background, reduce the o	opacity of the green colour in ba	nne
make the background	image quite visible.		
Set the word "Sciente	x Conferences" inside <h1> tag.</h1>		

- Set the word "Creating Possibilities, Defining Scientific Limits and Exchanging Values" inside <h2> tag.
- 3. Set Media Partners logos in same pattern:

_	 Media Partners /	Ar	d Collaborators	
PAPERCROWD			worldconferencealerts	
	Astra Healthcare			

- Set default height to all media partners. It should be looks in same pattern
- Make sure we can able to add 5 media partners in a single row

4. Set simple and single style in conference page:

2 | Page

 Instraed of using 4 separate images for each <div> element(Welcome to Scientex Conference, Scientific Sessions, Registrations, Contact US). Use simple background style like scientex main page.

5.3 MB / 8.1 MB resources

- As of now, the actual size of conference website is 8.1MB in that image occupies 5.3MB.
- We should use images in only two areas. Image in Conference title background area and owlcarousel banners area.

5. Set "Welcome to Scientex Conference" in the below given format

- Use 4 icons in a single column
- Increase the width of text area.
- Use same the color Green, Dark Gray/ Black.

6. Set whole Scientifc Session in a single track or use single track for each scientific sessions

7. Justify icons

8. Remove Pinterest and Add Google blog
