About us

Scientex Conferences provide a global platform for exchanging ideas and keeps on updating about the latest innovations in different Subjects. Opportunity to attend the presentations delivered by eminent Scientists from all over the world. Global networking: In transferring and exchanging Ideas. A Unique Opportunity for Advertisers and Sponsors at this International event. We present you team of dedicated minds driven by the thought of gathering together the people of alike objected to an exclusive platform. Science brings forward the art of molding the experience and the experiments into a reality. These assembling realities, eventually, give birth to the various fields all together comprise a world get known as science, technology, and advancement. Scientific Meet Icon conference acts a dais where people from various parts of the world come together and discuss topics, ranging from physics to medicine, ever beneficial to an advancement of the human civilization. Alongside, the news and views get exchanged among the personnel across the globe. Scientific Meet Icon strives toward evolving a resource of information, unprecedented problems as well as their solutions such that it enhances the very core of the scientific community thus adding values to human society. Come. Join us! View the substantial minds talk their cut- through researches at the Scientific Meet Icon conferences. Well organized scientific program. [\(click here for more\)](#)

- Renowned speakers and scientists across the globe.
- Poster presentations and world class exhibits.
- Panel discussions and interactive sessions.
- B2B meetings.
- Perfect platform for Global Networking

Conference and Webinar Details

About Conference

With the grand success of series of heart conferences, we welcome you all to attend the “**4th International Conference on Cardiology**” scheduled from **November 28-29, 2024** in **Bangkok, Thailand**. The conference mainly focuses on Cardiology and Cardiovascular disorders and therapies with the theme “Exploring New Research and Frontiers in Cardiology Care” for a change in society.

With individuals from around the world zeroed in on finding a few solutions concerning Cardiology, this is your single most clear chance to achieve the best amassing of people from the mending focuses, Universities, Heart Associations, and so forth...

Heart 2024 is going Hybrid! There will be both an in-person conference and a virtual conference since some people may not be able to travel due to the pandemic situation or its economic impact.

Join us from November 28-29, 2024 for this unmissable opportunity to discover the latest in global cardiovascular health!. ([click here for more](#))

About Webinar

The **4th International Webinar on Cardiology** is scheduled from **December 05-06, 2024** with the theme “Exploring New Research and Frontiers in Cardiology Care”. The aim of organizing the webinar is to entrenched a firm relation of future strategies in the field of Cardiology and develop new perceptions and ideas for investigating the high level of knowledge in the field of Cardiology.

Attendees will have the opportunity to receive the e-certificate of participation. Join us to have a meaningful collaboration on Cardiology with 70+ global experts. ([click here for more](#))

CONFERENCE HIGHLIGHTS

- Lectures by the active Investigators
- Keynote forums by Renowned Speakers
- Speaker Forum
- Poster Sessions on latest Innovation in all the relevant Areas
- Panel discussions and interactive sessions
- Open Innovation Challenges
- Poster Sessions on every career stage
- Post-Doctoral Career Development Session
- Young Research Forum
- B2B Meetings
- Global Networking with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Excellent platform to showcase the latest products in Healthcare and affiliates

TARGET AUDIENCE

- Cardiologists
- Cardiac Surgeons
- Cardiology Scientists
- Cardiac Physicians and Doctors
- Cardiac Nurses and Nurse Practitioners
- Heart Disease Researchers
- Cardiology Fellows
- Neuro-Cardiology Experts
- Cardiology Consultants
- Paediatricians
- Medical Colleges
- Cardiology Associations and Societies
- Cardiology Students & Faculties
- Cardiology Researchers
- Cardiovascular Physicians
- Business Entrepreneurs
- Training Institutes
- Manufacturing Medical Devices Companies
- Heart Care Nutritionist

Session Highlights

- **Cardiovascular Diseases**
- **Heart Diagnosis & Devices**
- **Vascular Biology**
- **Cardiac and Cardiovascular Research**
- **Cardiovascular Diabetology, Obesity & Stroke**
- **Interventional Cardiology**
- **Nuclear Cardiology, Molecular Cardiology**
- **Cardio-Oncology**
- **Pediatric Cardiology**
- **Women's Cardiology**
- **Clinical Cardiology**
- **Cardiac Nursing**
- **Heart Regeneration**
- **Cardiac Pharmacology**
- **Cardiac Diet/Cardiac Nutrition**
- **Cardiology - Future Medicine**
- **Sports Cardiology**
- **Cardiac Imaging / Echocardiology**
- **Cardiothoracic Surgery**
- **Dyslipidemia and Risk factors**
- **Cardiac Arrhythmias**
- **Transplantation: Heart and Lungs**
- **Cardiomyopathies**
- **Cardiac Surgery**
- **Cardiovascular Impact of COVID-19**
- **Current Research and Advances in Cardiology & Case Reports on Cardiology**

About Venue

GRAND MERCURE
HOTELS AND RESORTS

GRAND MERCURE BANGKOK ATRIUM,
1880 New Phetchaburi Road, Bang Kapi,
Huai Khwang, 10310 Bangkok, Thailand

Conveniently located close to Suvarnabhumi Airport, Grand Mercure Bangkok Atrium is located in the heart of the city with easy access to the best of Bangkok, whether for business or pleasure. Strategically located in Bangkok's commercial and retail area, New Phetchaburi Road, the Grand Mercure Bangkok Atrium makes an ideal base for both the business and leisure guests. It is just minutes away from a choice of superb shopping centre, the Thailand Cultural Centre, Queen Sirikit National Convention Centre, Bangkok International Hospital, several embassies and the underground rail system. A dedicated Executive Floor and Avani Executive Lounge, superbly delicious dining options and elegantly appointed accommodation, whether in town for work or play, hotel attentive service and first-rate facilities will ensure that you make the most of your Bangkok experience.

About Venue:

Bangkok, Thailand's capital and city that never sleeps, is a trendy mash-up of diverse cultures and religions. Temples and monasteries coexist peacefully here close to towering skyscrapers. Street bazaars and floating markets compete with luxury shopping malls and purchase centers. Thailand is the 12th largest country in Asia, with a total size of over 198,000 square miles and a population of 67.9 million. The majority of foreign visitors to the country travel to Bangkok, one of the world's top tourist destinations. Thailand experiences both the summer and winter monsoons due to its location between substantial areas of land and water. The typical temperature in Thailand ranges from 18 to 38 degrees Celsius. In Thailand, cancer is the top cause of death, and mortality is rising. Therefore, it would be essential to adhere to and share any future study into the treatment of cancer field in order to recommend advancements. [\(click here for more\)](#)

TOP REASONS TO PARTICIPATE

- Develop Your Network
- Position Yourself as an Expert
- Meet Experts & Influencers Face to Face
- Gain Targeted Knowledge
- New Tips & Tactics
- Invest In Yourself
- Gain New Collaborations
- Present your Ideas and Work
- Be Inspired
- Travel, Explore and Have Fun!!

Past Event Report

About Past Event:

Heart 2023 was delighted to meet dozens of cardiologists, cardiac surgeons, physicians, healthcare professionals, and scientists from all over the world and we would like to thank all of our wonderful and eminent speakers, and conference attendees who shared their research knowledge and made Heart 2023 - Conference as memorable and our best event ever!

The 3rd International Conference on Cardiology 2023, hosted by Scientex was held during **November 30 - December 01, 2023** at City Seasons Suites Hotel - Dubai - United Arab Emirates with the theme “Exploring New Research and Frontiers in Cardiology Care”. The conference was initiated with a great cause to support, network, and empower each and every individual who is working to end the stigma of heart disease.

Benevolent response and active participation were received from the committee members, collaborators, journal members, and exhibitors as well as from the Scientists, Cardiac Workers, Cardio researchers, Cardiology Academicians, Cardiology Practitioners, and Students who made this event successful.

Through this conference, we created a global international networking platform with experts from 34 different countries. We had a participation of 70+ speakers, 14+ Poster Presentations, 2+ exhibitors, and 90+ attendees. Our congress was a grand amalgamation of experts from all around the globe where we experienced inspiring stories and witnessed great research presentations. [\(click here for more\)](#)

Testimonials

Feedback

John Pepper
UK

It was a very well organised meeting and the chair person, Diana Bilalova, from Kazan, was really excellent. She also gave one of the most interesting papers.

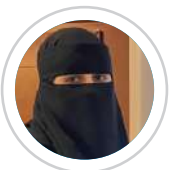

Francesco Ciccirillo
Italy

Everything was excellent. I am glad for having attended the conference

Cristina Iga
Romania

It was a well-organized event and I received promptly response at my questions. I would like to express my appreciation for the organizers; their efforts made possible the success of this event.

Salha Alrefaei
KSA

Overall, I found the event to be well-organized and informative. The presentations were engaging and the speakers were knowledgeable. I also appreciated the opportunity to network with other participants.

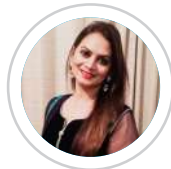

Afsheen Tanveer
Qatar

I thought the conference was a good platform for doctors to share their research and discuss with other experienced professionals. The organization of the event was very good from the time when you contacted me until the end of the conference. You were always helpful and responsive with all my queries and ensured it was a smooth experience for me throughout.

Rajashri Kanad Gutte
India

It was a very knowledgeable and scientific event organised by you and your team. Highly appreciated with your efforts and all the presentations were worth watching. Thank you so much for the certificates and looking forward to your next conference.

Shruti Sharma
India

The webinar was good one.... got to learn a lot...

Livija Susic
Croatia

I am glad that I was able to participate in the 3rd cardiology conference that was held on November 30 and December 1, 2023 in Dubai. It was an opportunity to meet new people, colleagues from all over the world, to hear their experiences and research in the field of cardiology and cardiac surgery. I would like to thank the organizers for inviting me and hosting me nicely. It will be an honor and pleasure to participate again at one of their next cardiology events.

Tran Thanh Hoa
Vietnam

I am delighted to your invitation and honored to participate in your conference. I hope to have the opportunity to come to your country with the next conferences.

Ersin Doganozu
Turkey

It was a great webinar. All presenters were elegant and well selected. I really enjoyed the time. As a suggestion, you can invite some presenters to speak about main topics of cardiology, not only the presenters who has published their articles. Also, presentations about tips and tricks on invasive cardiology will be interesting and remarkable for participants.

Testimonials

Feedback

Dragan Novosel
Croatia

It was well organised and interesting event and I will be glad to participate again.

Diana F Bilalova
Russian Federation

Thank you for the good organization, the opportunity to share our scientific research and get to know scientific innovations in other countries. It was also a good opportunity to make new colleagues and friends.

Ishenbai Moldotashev
Kyrgyzstan

Thanks, organization of webinar was excellent.

**Ayih Abdalla
Elsuni Abdalla**
Sudan

The 3rd International Webinar on Cardiology and Cardio Care was very wonderful. Full of a lot of professional doctors and professional personalities in did of course, I am glad to be a part of this conference, joined as a delegate...Wishing to join the 4th version of Sure if I could to.

Dragana Sarenac
Serbia

Firstly, thank you for your patience with me, it was not easy but worth it. Your Scientex ICC23 was very interesting, innovative, inspiring in a special way, small but with real over world inclusion of diversity of doctors, both clinical cardiologist, interventional, surgeons and preventive ones. Your organisation was EXCELLENT. From the reception to the end, as you previously said what will be it was done. Great host of the organizing committee, all through the sessions.

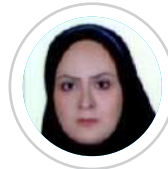

Ekaterina Emets
Russian Federation

Thank you. Very interesting and informative reports. I liked everything

Asieh Mansouri
Iran

It was an absolute honour for me to participate in this valuable event, too. I appreciate you and your team for very careful and systematised programming. This even made the unforgettable memories for me.

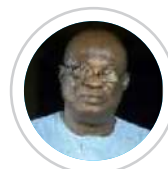

Mahshid Givi
Iran

I was honored and happy to attend this congress. Big thanks organizers for this great opportunity.

Aditya Upadhyayula
India

It was a wonderful conference. A wonderful opportunity for me to present in an international conference. Thank you for this.

Danladi Musa
Nigeria

Thank you for reaching out to me. Honestly, the virtual conference was well organized. I listened to many presenters, and I was impressed with the high level of expertise demonstrated in their various disciplines. We look forward to more of such events in the future.

Speaker Presentations

4th INTERNATIONAL CONFERENCE ON CARDIOLOGY
NOVEMBER 28-29, 2024 | BANGKOK, THAILAND

Title: Innovation in diabetes clinic: Insulin injection teaching aid

Nampeth Saibuathong, Mahidol University, Thailand

Title: Effective case of systemic hyperkalemia cardiopulmonary bypass for incomplete aortic cross-clamping during endoscopic minimally invasive redo mitral valve replacement

Tomohisa Takeichi, Kitaharima Medical Center, Japan

Title: Right anterior mini thoracotomy and aortic valve replacement with sutureless valve: Multicenter experience of early outcomes

Yasser Mubarak, Minia University, Egypt

Title: Comparison of different risk stratification systems in predicting short-term serious outcome of syncope patients

Pierpaolo Maietta, Aversa Hospital, Italy

Title: User-defined outcomes of the Danish Cardiovascular Screening (DANCAVAS) trial: A population-based, randomised controlled trial

Jes. S. Lindholt, Odense University Hospital, Denmark

Title: Possibility of evaluation of oxygen transport function in pah patients on effective selexipag-based therapy

Elvin Allakhverdiev, National Medical Research Center of Cardiology, Russian Federation

Title: Factors affecting HbA1c level

Wittaya Boonlerdkerdkrai, Thailand

Title: Lactate as a marker of the effectiveness and safety of physical rehabilitation in "inotrope-dependent" patients with chronic heart failure, who are candidates for heart transplantation

Bulgun Musaeva, Almazov National Medical Research Center, Russian Federation

Title: Platelet aggregation and risk of ischemic or bleeding events in patients with acute coronary syndrome within 30-days period

Tatyana Pronko, Grodno State Medical University, Belarus

Speaker Presentations

Title: Psychological manifestations in patients with multiple valve replacements

Priscila Gabos, Brazil

Title: Fate protocol in undifferentiated shock: A report of mixed endocarditis

Werley de Almeida Januzzi, INCOR FMUSP, Brazil

Title: Masked cardiac tumor: Not everything is what it seems

Mateo Anquiz, Colombia

Title: Using a modified CPD blood bag to store blood from either ECMO or RRT circuit blood in pediatric patients

James Neal, Surgery Mayo Clinic, USA

Title: Quality of life evaluation in peripartum cardiomyopathy patients: A focus on women's heart

Marija Vesić, Sremska Mitrovica General Hospital, Serbia

Title: Role of Music in Heart Health

Sujata Singhi, India

Title: Is bridging anticoagulation with heparin after valve replacement surgery mandatory? - A prospective observational study in a centre of Bangladesh

Kazi Shariful Islam, National Institute of Cardiovascular Diseases, Bangladesh

Title: Percutaneous Pulmonary Valve Implantation (PPVI): Analysis of cases in a Bangladeshi center

Nurun Nahar Fatema, LabAid Cardiac Hospital, Bangladesh

Title: Cardiac angiosarcomas: Pathophysiology, diagnosis & management

Keval Yerigeri, Case Western Reserve University, USA

Speaker Presentations

Title: The risk related of six-minute walk test performance in Thai childhood obesity aged 5-15 years

Worawan Jiitham, Naresuan University, Thailand

Title: Validation of euroscore II cut-off at 12% for active infective endocarditis

Komkrit Komuttarin, Maharat Nakhon Ratchasima Hospital, Thailand

Title: Efficacy and safety of the atrial septal defect closure for patients with absent or malaligned aortic rim using a figulla flex II device flared and straddling behind the aorta

Masataka Kitano, Okinawa Prefectural Nanbu Medical Center & Children's Medical Center, Japan

Title: Risk factors related to morbidity and mortality in geriatric patients undergoing surgical procedures in Vachira Phuket hospital

Walaiporn Aroonrat, Vachira Phuket Hospital, Thailand

Title: Factor influencing pre-hospital delay among acute ischemic stroke patients in Rajavithi hospital

Piyanuch Rakchue, Suratthani Hospital, Thailand

Title: Correlation between prediabetes, coronary artery calcification and cardiovascular risk factors: A 5-year retrospective case study

Thunnawat Wattanaseth, Kasemrad International Hospital, Thailand

Title: Surgical intervention for prevent post-stroke malignant cerebral edema, clinical beneficial outcome aspects

Panu Boontoterm, Phramongkutklao Hospital, Thailand

Title: Rupture and elongation of the coronary aortic leaflet as a result of escherichia coli infective endocarditis

Filiberto Villanueva Rustrian, UMAE Cardiología, Mexico

Title: Cardiopulmonary resuscitation CPR quality outcome of patients with cardiac arrest by using robotics/artificial intelligence in hospitals

Hanadi Saad A Bin Talib, King Salman Bin Abdul-Aziz Medical City, KSA

Speaker Presentations

Title: The role of hyperhomocysteinemia in hospitalized patients with venous thromboembolism

Cristina Hotoleanu, Medisancris, Romania

Title: Valsalva maneuver in diastolic heart failure, diastolic dysfunction and systolic heart failure clinically BNP and echocardiography

Manal Adel AbdelFattah Ibrahim, Cairo University, Egypt

Title: Personalised external aortic root support for elective treatment of aortic root dilatation

John Pepper, Royal Brompton Hospital, UK

Title: Surgical treatment of severe aortic valve stenosis with concomitant Fabry disease. A case report

Athanasia Vlachou, General Hospital George Papanikolaou, Greece

Title: Vitamin D and cardiovascular prevention

Romero Barbosa, Federal University of San Francisco Valley (UNIVASF), Brazil

Title: Anomalous Aortic Origin of a Coronary Artery (AAOCA) – Unraveling the mechanistic implications leading to myocardial ischemia and sudden death

Silvana Molossi, Texas Children's Hospital, USA

Title: A cochrane systematic review of ultrafiltration in acute heart failure

Mehul Srivastava, University College London, United Kingdom

Title: Factors associated with heart failure readmissions from skilled nursing facilities

Elizabeth Abraham, MFMI Medical Center, USA

Title: Endoleaks after endovascular aneurysm repair by imaging methods

Fernanda Avalos Aguilar, International University of Ecuador, Ecuador

Speaker Presentations

Title: Saline OCT in acute coronary syndrome

Punish Sadana, Max Superspeciality Hospital, India

Title: Indication of non-surgical management for acute limb ischemia and Temporary Endoluminal Bypass (TEB) technique

Haruya Yamane, Osaka National Hospital, Japan

Title: Efficacy and safety of the atrial septal defect closure for patients with absent or malaligned aortic rim using a Figulla Flex II device placed and straddling behind the aorta

Masataka Kitano, Okinawa Prefectural Nanbu Medical Center & Children's Medical Center, Japan

Title: A scoping review of exercise-based cardiac rehabilitation for patients with aortic dissection

Danni Feng, Tongji Medical College of Huazhong University of Science and Technology, China

Title: Unusual presentation of acute perimyocarditis following SARS-CoV-2 mRNA-1273 Moderna vaccination

Fatima Khogali, Hamad Medical Corporation, Qatar

Title: Left atrial isolation and appendage occlusion in patients with atrial fibrillation at end stage left atrial ablation disease

Angela Zedda, Dresden Heart Center, Germany

Title: Do we really need aspirin loading for STEMI?

Yochai Birnbaum, Baylor College of Medicine, USA

Title: Clinical or statistical significance. What matters is the size of the effect

José Moragrega, Biostatistics and Epidemiology, Mexico

Title: Checklist for safe cardiac surgery: Integrative review

Alba Regina Cartaxo Sampaio Thomé, IESC, Brazil

Speaker Presentations

Title: Evaluation and accreditation of cardiology residences years 2010-2017.

Mirta Daniela Lobianco, Argentine Society of Cardiology, Argentina

Title: Single centre observational study on clinical profile and OCT guided management strategy for patients of young acute coronary syndrome

Inderjeet Singh Monga, Command Hospital, India

Title: Percutaneous coronary interventions by distal radial route - A retrospective observational study in a single centre

Mukesh Palsania, Calcutta National Medical College, India

Title: How to identify atrial fibrosis in patients with persistent atrial fibrillation

Mariano Rillo, Carlo Fiorino Hospital, Italy

Title: Complete heart block revealing neonatal lupus: A case report

Mohammed Ech-Chebab, Faculty of Medicine and Pharmacy of Oujda, Morocco

Title: Mitral valve prolapse arrhythmogenic syndrome

Guilherme Séer da Silva, Dante Pazzanese Institute of Cardiology, Brazil

Title: To determine in-hospital incidence of acute kidney injury among Patients of acute coronary syndrome who have transient Hypotension in catheterization laboratory

Farrukh Malik, NICVD, Pakistan

Title: Consumption of fruits and vegetables during the COVID-19 pandemic, among patients with hypertension: An epidemiological study on a sample of the Greek population

Athanasia Karagiannidi, Harokopio University, Greece

Title: Derivation of Central Aortic Pressure non-invasively

Ahmad Qasem, Cardiex/ AtCor Medical and Macquarie University, Australia

Speaker Presentations

Title: Effects of scalene muscle stretching on slow vital capacity and chest expansion in patients after coronary artery bypass grafting: an interventional study"

Miral Vyas, India

Title: Superior gluteal artery pseudoaneurysm: two cases report and review of the literature

Laura Romero, Vázquez Hospital Universitario Puerta del Mar, Spain

Title: Preoperative prediction of optimal method and site of left ventricular lead implantation to increase CRT response rate

Vera Stepanova, Russian Federation

Title: Use of C-reactive protein for prediction of sinus rhythm maintenance after pharmacologic cardioversion in patients with Metabolic Syndrome

Ylber Jani, Macedonia

Title: A study of left ventricular global longitudinal strain in STEMI with extended pharmacoinvasive therapy"

Abhik Haldar, India

Title: Challenges in pacing in right ventricular endomyocardial fibrosis: A case study

Nikhil Kumar Patel, Aster Medcity, India

Title: Differences in thermographic responses to aerobic and anaerobic exercise

Mickey Scheinowitz, Tel Aviv University, Israel

Title: Increased risk of arterial stiffness in rheumatoid arthritis patients in a subsahran African setting

Asogwed Achu Reid, Douala General Hospital, Cameroon

Speaker Presentations

Title: Assessment of right ventricular function following permanent pacemaker implantation by echocardiography (including 3d echocardiography)

Dinesh Kumar, Gauhati Medical college & Hospital, India

Title: Sociodemographic, risk factor, etiological and clinical profile of chronic heart failure patients attending in a heart failure clinic in Bangladesh

Md Abdul Kader Akanda, Heart Failure Research Foundation, Bangladesh

Title: Cardiometabolic and hemodynamic features in elderly and senile patients with comorbidity who underwent COVID-19

Lyudmila Khidirova, Russian Federation

Title: Relationship between free circulating DNA levels, ejection fraction and brain natriuretic peptide levels in patients with chronic heart failure: Prospective observational study

Elena Kolesnikova, Voronezh State Medical University, Russian Federation

Title: The prevalence of familial hypercholesterolemia among adult Filipino patients in a tertiary hospital in Bicol, Philippines

Suzanne Sanchez, Universidad de Sta Isabel Health Services (Mother Seton Hospital), Philippines

Title: A rare case of an adult pregnant patient with the left coronary artery originating from the pulmonary artery: Successful management and healthy maternal-fetal outcome

Huan Wang, Suzhou Hospital Affiliated to Nanjing Medical University, China

Title: Takayasu arteritis: analysis of clinical, laboratory parameters and applied treatment modalities

Miljana Đurić, Serbian Medical Chamber, Serbia

Title: Metal free per-cutaneous coronary intervention

Manisha Sreeramdas, Yashoda Hospitals, India

Speaker Presentations

Title: Centrilobular hemorrhagic necrosis of the liver (hypoxic hepatitis) in a patient suffering from dilated cardiomyopathy

Marina Shtonda, Belarus

Title: Relationships between ECG cardiac intervals: Theory and applications

Alfonsas Vainoras, Minvydas Ragulskis Naseha Wafa Qammar, Lithuania

Title: Profile of echocardiographic changes in chronic obstructive pulmonary disease in a tertiary care hospital

Sadiq Ahmed Sheriff, India

Title: SCADLE, a New Medical Frontier

Gotabhaya Ranasinghe, National Hospital of Sri Lanka, Sri Lanka

Title: Mycobacterium Endocarditis: A rare case

Abu Zahid, Rangpur Medical College, Bangladesh

Title: Usage of streptokinase in reducing thrombus burden in patients with high-risk pulmonary embolism before mechanical thrombectomy

Agnes Kristine Orteza, Philippines

Title: A tale of intricate connections: An interesting case of congenital heart disease with supraventricular tachycardia

M U Balachander, India

Title: Next generation tools in mRNA purification: The role of continuous Raman spectroscopy testing with pretreatment of the sample

Mauro Luisetto, Italy

Speaker Presentations

Title: Coronary-Pulmonary artery fistula as cause of acute coronary syndrome: Endovascular treatment

Carlos I. Soledispa, ISACMED, Ecuador

Title: Transcatheter Tricuspid Valve Intervention: Our experience and the current status in the U.S

Tadahisa Sugiura, Montefiore Medical Center/Albert Einstein College of Medicine, USA

Title: Follow-up of cardiotoxicity after breast cancer chemotherapy

Jelena Kostadinovic, CHC Bezanijska kosa, Serbia
