

5th International Conference on Cardiology

Theme: Exploring New Horizons in Cardiology and Research

Date

Nov 28-29, 2025

Venue

Paris, France

SCAN ME

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

About Conference

Scientex Conferences feels auspicious to invite all the eminent professionals in the field of Cardiovascular to the 5th International Conference on Cardiology, to be host on November 28-29, 2025, in the futuristic city of Paris, France. This premier event is a significant gathering for experts, researchers, and professionals in the field of cardiology, providing a platform to share groundbreaking research, innovative practices, and the latest advancements in the domain.

For professionals in the fields of medicine, industry, pharmacology, surgery, teaching, and learning practices, Heart 2025 offers a great opportunity. The goal of Heart 2025 is not only to discuss the main theme of the conference, but also to connect the people in the same field across the globe which may pave the way for building a better community for brighter future in the field of cardiology. ([click here for more](#))

Day 1 - November 28, 2025 (Friday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - November 29, 2025 (Saturday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

5th International Conference on Cardiology

November 28 - 29, 2025 | Paris, France

SPEAKER PRESENTATIONS

Session: Cardiovascular Diseases, Heart Diagnosis and Cardiovascular Research

Title: Impairment in patients with atrial fibrillation: A systematic review and meta-analysis

Maria Del Pino Castillo, Universidad Nacional de Educacion a Distancia (UNED), Spain

Title: Temporal trends of age-adjusted mortality rates for rheumatic heart disease in Brazil from 2000 to 2021

Abhishek Chaudhary, Life Line Hospital, India

Title: Prognostic factors of mortality in post-myocardial infarction patients: A 24-Hour rhythmic holter observational study

Franck Ekoba Othende, Republic of Congo

Title: The anti-senescence effect of D- β -hydroxybutyrate in Hutchinson-Gilford progeria syndrome involves progerin clearance by the activation of the AMPK-mTOR-autophagy pathway

Eduardo Feliciano Monterrubio Ledezma, National Autonomous University of Mexico (UNAM), Mexico

Title: Insulin Signaling Rules Sinoatrial Node

Parand Shariat Rad; Mohammad Ali Nazari, Kermanshah University of Medical Sciences, Iran

Title: What is expecting us in terms of Artificial intelligence in cardiovascular diseaes in near future

Ahmet Seyda Yilmaz, Recep Tayyip Erdoğan University, Turkey

Title: Electric chaos: A challenging case of atrial fibrillation in Wolff-Parkinson-White syndrome

Ahmad Murtaza Anwar, Mohtarma Benazir Bhutto Shaheed Medical College, Pakistan

Title: A multicenter, non-comparative study to evaluate the efficacy and safety of fixed- dose olmesartan/ amlodipine in hypertensive patients

Abu Zahid, Rangpur Medical College, Bangladesh

Title: Review on Heart disease prediction Methods

Chandana Ganga Devireddy, Koneru Lakshmaiah Education Foundation, India

Title: The mystery of 'inflammation', heart failure, special structural molecules and antioxidant vitamins for prevention and enhanced treatment, myth or reality?

Dr. Ioannis Patrikios, European University Cyprus, Cyprus

Title: Cardiovascular comorbidities in patients followed for chronic low back pain at the Army Training Hospital – University Hospital Center (HIA - CHU) of Parakou from 2022 to 2024

Lydwina Charelle Maryse NOUGBODE, University Hospital Center (HIA - CHU) of Parakou, Benin

Title: Evaluation of cardiovascular variables in native communities of the Calchaqui Valleys (Northwest Argentina)

Ricardo Sebastian Galdeano, Argentine Society of Cardiology, Argentina

Title: In-hospital mortality of acute ST-elevation myocardial infarction (STEMI) and its predictors-using Yazd Cardiovascular Diseases Registry, YCDR

Seyedeh Mahdiah Namayandeh, Yazd medical University, Iran

Title: Tweedle syndrome is a diagnostic challenge: the one center experience and current guidelines for clinicians

Anton Nalivaiko, Clinical hospital named after I.V. Davydovskogo, The Russian Federation

Title: Model for Internet of Medical Things Based on Electrocardiography

Dangol Anubrat, Global Link Technology Pvt.ltd, Nepal

Title: Eating Habits and Premature Coronary Artery Disease Risk

Noushin Mohammadifard, Isfahan University of Medical Sciences, Iran

Title: To study AST/ALT ratio as an indicator of functional severity in chronic heart failure with reduced left ventricular ejection fraction

Priyanka S, Jawaharlal Nehru Medical College, India

Title: Determinants of Early Subclinical Systolic Dysfunction in Patients with Type 2 Diabetes

Gaio A, University of Turin, Italy

Title: Aspirin guided by coronary artery calcium scoring for primary prevention in persons with subclinical coronary heart disease

Arthur J. Siegel, Massachusetts General Hospital, USA

Title: Metabolic clustering in NAFLD -A pathway to cardiovascular diseases

C. Nagesh, Chaitanya Deemed to be University, India

Title: Stratification pronostique dans l'insuffisance cardiaque systolique chez le sujet noir africain : Cas du Burkina Faso

Doune Narcisse, University of N'Djamena, Burkina Faso

Title: Association between obstructive sleep apnea and coronary artery disease among women of a tertiary care hospital, Hyderabad- A case control study

Malavika T P, India

Title: Early detection of subclinical LV dysfunction in Hypertensive Patients with Myocardial Performance index on Doppler Echo

Mariam tahir siddiqi, Gulab Devi Teaching Hospital, Pakistan

Title: Incidence of coronary artery disease among copd patients with uncontrolled dyspnoea despite optimal bronchodilator therapy

Suwendu Chattopadhyay, Manipal Hospital, India

Title: Prognostic Impact of Right Bundle Branch Block in Acute Anterior Wall STEMI: A Cross-Sectional Study

Muhammad Abubakar, UHB trust Birmingham, United Kingdom

Title: The Effect of Hard Work and Environment of Work Place on Blood Pressure and Heart Rate

Sawza Saadi Saeed, Erbil Polytechnic University, Iraq

Title: Applicability of SAPS 3 and APACHE II Scores in a Cardiac Intensive Care Unit: A Prospective Study

Stephan Lachtermacher Pacheco, National Institute of Cardiology, Brazil

Title: Synergistic Impact of Type 2 Diabetes Mellitus and Hypothyroidism on Dyslipidemia and Cardiovascular Risk

Zeenat Inam, Katihar Medical College, India

Title: Symptom control in individuals with advanced heart failure

Dellys Adriana Epalza Serje, Universidad Simon Bolivar, Colombia

Session: Heart Devices & Innovations | Echocardiology, Valvular Diseases, Cardiac Imaging

Title: Elective sternotomy with fluoroscopic guidance for the removal of a residual implantable cardioverter defibrillator lead: a case report and literature review

Said Khallikane, Cadi Ayyad University, Morocco

Title: Transapical transcatheter aortic valve implantation with the J-Valve system in patients with simple aortic regurgitation: A single-center follow-up study

Jingjing Miao, Henan Provincial Chest Hospital, China

Title: Evaluation of subclinical systolic dysfunction in patients with heart failure with preserved ejection fraction, using 2D speckle tracking echocardiography

AFM Azim Anwar, Bangabandhu Sheikh Mujib Medical University (BSMMU), Bangladesh

Title: A diagnostic dilemma upon discovery of a left ventricle mass

Ali Tajik, Mashhad University of Medical Sciences, Iran

Title: Study on VFM Combined with 2D-STI in Assessing Left Ventricular Function in CAD Patients Following EECF Therapy

Ankang Wu, The Second Clinical Medical School of Zhengzhou University, China

Title: The prognostic value of peripheral ischemic microvascular reserve in sepsis is not related to calcitonin gene-related peptide or substance P

Ana Carolina de Miranda, Complexo Hospitalar de Clínicas of the Universidade Federal do Paraná, Brazil

Title: Cardiovascular events predicting based on high-resolution ECG data

Alexander Frolov, Republican Scientific and Practical Center of Cardiology, Republic of Belarus

Title: Comparison of inflammatory biomarkers in peripheral artery patients with healthy individuals"

Ahmet Deniz Kaya, Ağrı Training and Research Hospital, Turkey

Title: Evaluation of subclinical systolic dysfunction in patients with heart failure with preserved ejection fraction, using 2d speckle tracking echocardiography

AFM Azim Anwar; Mohamed Mausool Siraj; Fauzia Haq Joya; Professor Khandaker Qamrul Islam; Professor CM Ahmed; Bangabandhu Sheikh Mujib Medical University (BSMMU), Bangladesh

Title: Features of hemodynamics in the postoperative period in patients after carotid endarterectomy with preserved or removed carotid glomus

Liliya Bulatova, Petrovsky National Research Centre of Surgery, Russian Federation

Title: Application of ECG in diagnosing and evaluating therapeutic changes throughout the entire course of hypertension

Liantao NIE, The Second Affiliated Hospital of Zhengzhou University, China

Title: Novel techniques for immediate intraoperative recovery of lower limb perfusion in acute Type A aortic dissection complicated by lower limb malperfusion

Yannan Lu, Henan Chest Hospital, China

Title: Cognitive screening and care possibilities in patients with heart failure

Priscila Gabos, Brazil

Title: The Effect of COVID19 on Implantable Cardioverter Defibrillator

Zeyad Khalil, Blackpool Teaching Hospitals NHS Foundation Trust, United Kingdom

Title: Atrial Electromechanical Delay Assessed by Transthoracic Echocardiography Tissue Doppler is a Marker of Early Electric Remodelling of the Left Atrium

Dijana Djikic, TBA

Title: Impact of COVID 19 lockdown on post operative follow up of patients with valvular heart disease: An international normalized ratio monitoring in a tertiary health care centre

Navneet Kumar Srivastva, Dr.RMLIMS, India

Title: Specifics of right-sided implantation of implantable cardioverter-defibrillators

Patrik Keprt, Czech Republic

Title: Totally nonfluoroscopic approach for interventional arrhythmology. Experience of 6000 procedures

Evgenii Kropotkin, Federal Centre of Cardiovascular Surgery, Russian Federation

Title: Partial Sternotomy as an Alternative Surgical Approach for Atrioventricular Valves and Atrial Septal Diseases

Henrique Madureira da Rocha Coutinho, Universidade Estadual do Rio de Janeiro, Brazil

Title: Percutaneous valve intervention for severe mitral regurgitation complicated by lung sepsis

Shkaar Affandi, Cardiology Registrar, United Kingdom

Title: Left Atrial Thrombus Not Always a Barrier: A PBMV Success Story

Yola Newary, Brawijaya University, Indonesia

Title: Detection of non-radio-contrast fragments in perivascular gun wound: new opportunities

Viktor A. Chernyak, Taras Shevchenko National University of Kyiv, Ukraine

Title: Balloon Mitral Valvuloplasty under Echocardiographic Guidance: Clinical Experience and Advantages

Sanjar Khamdamov, Uzbekistan

Title: Results of bicuspid aortic valve reconstruction

Sergey N. Chetyrev, Bakulev National Medical Research Center for Cardiovascular Surgery, Russian Federation

Title: The Left Atrial Appendage and Atrial Fibrillation: What Is Already Known and What Is Ahead

Mikhail Saevets, Federal Center of Cardiac Surgery, Russian Federation

Title: A successful aortic bioprosthetic valve for tricuspid valve replacement in a 1-year-old male with refractory candida endocarditis: a case of multidisciplinary challenge, surgical strategy and technical nuances

Mark Lester Ines Tolenada, Philippine Heart Center, Philippines

Session: Interventional Cardiology, Cardiovascular Diabetology, Obesity & Stroke

Title: Diabetes Mellitus and Its Multi-Systemic Co-Morbidities: Bridging Pathophysiology, Epidemiology, and Advanced Therapeutic Frontiers

Oluwafemi Ala, Nigeria

Title: Cardioembolic Disease and Ischemic Stroke in Young Adults: Challenges in Diagnosis and Treatment

Selma Hannachi, Badji Mokhtar University, Algeria

Title: Clinico-angiographic profile and in-hospital outcomes of patients undergoing primary and rescue percutaneous coronary intervention: Single-centre study from Western India

Anushree Kumbhalkar, All India Institute of Medical Sciences, India

Title: Percutaneous coronary intervention and coronary artery bypass grafting in stable angina

Gulana Aghayeva, Medistyle Hospital, Azerbaijan

Title: Search for an optimal method of lower extremities revascularization through DFA in patients with CLLI in the absence of a distal arterial bed

Iago Sarkhanidze, Petrovsky National Research Centre of Surgery, Russian Federation

Title: Endocan as a Potential Biomarker of Coronary Atherosclerosis in Patients with Coronary Artery Disease

Elena Zakharyan, Institute "Medical Academy named after S.I. Georgievsky, Russian Federation

Title: Improving outcomes in Tavi: A multidisciplinary team approach to high risk cases

Dhivya Thiagarajan, Apollo Main Hospitals, India

Title: Endocan as a Potential Biomarker of Coronary Atherosclerosis in Patients with Coronary Artery Disease

Elena Zakharyan, Institute "Medical Academy named after S.I. Georgievsky, Russian Federation

Title: Parahisian Stimulation Through Unusual Vascular Access - Case Report

Carlos Roberio Mendes, Hospital Assim Niteroi, Brazil

Title: Too Big To Ignore: Multi-vessel Coronary Artery Ectasia with a large right coronary thrombus presenting as acute ST elevation myocardial infarction: A Case Report

John Kenneth B. Rey-Matias, Perpetual Help Medical Center Las Pinas, Philippines

Title: Cardiac Cephalgia as a Manifestation of Acute Coronary Events – A Systematic Review

Rosemary Siby, California Institute of Behavioral Neurosciences & Psychology, USA

Title: Dual therapy vs. Triple therapy Major bleeding outcomes in Patients with Atrial Fibrillation who developed indications for Percutaneous Coronary Intervention: A Meta-Analysis

Dr. Mary Martinae L. Miro, Perpetual Succour Hospital, Philippines

Title: Percutaneous Coronary intervention in Africa: A systematic review of associated outcomes

Chibuike Franklin Obi, Fairfield General Hospital - Northern care alliance NHS trust, United Kingdom

Title: What he still hides a myocardial infarction: Tricuspid pillar rupture after anterior myocardial infarction, the forgotten valve

Hafssa Rouam, Avicenne Military Hospital , Morocco

Title: Unusual presentation of acute coronary syndrome in a 22-year-old male with juvenile idiopathic arthritis: a case report

Tariq Sallar, National Institute of Cardiovascular Diseases, Pakistan

Title: Predictors and Outcomes of Slow Flow or No-Reflow in Patients Undergoing Primary Percutaneous Coronary Intervention

Dr. Sami Ullah, Hayatabad Medical Complex Peshawar, Pakistan

Title: Clinical Outcomes Of Early Versus Delayed Discharge after Primary Percutaneous Coronary Intervention

Dr. Mahrukh Mansoor Khosa, Basildon University Hospital , United Kingdom

Title: Current technologies in the catheter treatment of patients with atrial fibrillation

Adil Baimbetov, Syzganov' National Scientific Center of Surgery, Kazakhstan

Session: Pediatric & Women's Cardiology | Cardiac Surgery

Title: An unusual presentation of Takotsubo Syndrome in a young female of Middle Eastern origin

Deepak Lal, Zayed Military Hospital, UAE

Title: Coronary artery bypass grafting with or without coronary endarterectomy-short term outcomes

Javed Iqbal, Punjab Institute of Cardiology, Pakistan

Title: Treatment of post-infarction left ventricular free wall rupture with intrapericardial thrombin application in an old patient with high perioperative risk

Martin Novak, Czech Republic

Title: Percutaneous coronary intervention and coronary artery bypass grafting in stable angina

Gulana Aghayeva, Medistyle Hospital, Azerbaijan

Title: Open Chest Resuscitation of the Post Cardiac Surgical Patient

Stephanie L Bailey, Allegheny Health Network STAR Center, USA

Title: Clinical characteristics, risk Factors and angiographic profile of patients undergoing coronary angiography in a tertiary care hospital

Mohammad Morshedul Ahsan, Shaheed Ziaur Rahman Medical College & Hospital, Bangladesh

Title: A Rare Case of Intracerebral Hemorrhage as the Initial Presentation of Hypertrophic Cardiomyopathy with Wolff-Parkinson-White Syndrome in a Young Male

Christine J. Yecyecan, Zamboanga Doctors' Hospital Inc, Philippines

Title: The effects of high-intensity interval training and moderate-intensity continuous training on patients underwent Coronary Artery Bypass Graft surgery; a systematic review

Fatemeh Chichagi, Tehran University of Medical Sciences, Iran

Title: Prevalence of hearing loss after open heart surgery: A systematic review

Marzieh Jahani Sayad Noveiri, Guilan University of Medical Sciences, Iran

Title: Risk factors and prevention of cardiovascular complications in breast cancer

Mekhman N Mamedov, Moscow

Title: Impact of hypertensive disorders of pregnancy on cognitive functioning of the offspring

Anuhya Katta, University of Perpetual Help System Dalta, Philippines

Title: Outcomes of Patients Who Underwent Standard Risk Coronary Artery Bypass Graft (CABG) Surgery Under the Philippine Health Insurance Corporation Z Benefit Package in a Single Private Center in the Philippines

Maria Roussell Nennette Tuñacao-Sandalo, Clinical Research Fellow in Cardiac Rehabilitation, Philippines

Title: Residua, Sequelae and Complications of Cardiac Defects in Adult Congenital Heart Disease after Repair at an Early Age

Mohammad Ashraf Uddin Sultan, Bangabandhu Sheikh Mujib Medical University Dhaka, Bangladesh

Title: Early Mechanical Circulatory Support as a bridge to heart transplant: two case reports

Alexandru Mihai Cornea, Mater Misericordiae University Hospital, Ireland

Title: Isolated Congenital Membranous Interventricular Septal Aneurysm: A Rare Incidental Finding

Hind Hibatouallah, cardiology residency, Morocco

Title: An exceptional Adult Case Report of Ivemark Syndrome with Complete Atrioventricular Septal Defect and Single Ventricle in L-Transposition of the Great Arteries

Hind Hibatouallah, cardiology residency, Morocco

Title: Novel Frontiers in Pediatric Cardiology: Beyond the Heart

Jose L. Lopez-Guillen, University of Toronto, Canada

Title: Resection of the superior vena cava and its tributaries in locally advanced chest tumors

Pavel A. Grigoryev, District Clinical Hospital, Russian Federation

Title: Double-lumen aortic arch: An extremely rare congenital heart anomaly or an underdiagnosed disease?

Vanessa Ferrari Oliveira, Hospital Martagão Gesteira, Brazil

Title: Extracorporeal membrane oxygenation as a method of temporary mechanical support of blood circulation in patients with end-stage heart failure

Volodymyr Tanskyi, Ukraine

Session: Preventive Cardiology, Cardiac Arrhythmias & Nursing Care

Title: Ablation of atrial tachycardia from a right atrial appendage aneurysm

Rocio Belen Benito, Foundation Favaloro - Electrophysiology Service, Argentina

Title: Hypertrophic Cardiomyopathy – Review of Current and Emerging Therapies

M. Siddharth, Northern Railway Central Hospital, India

Title: Nurses' perceptions regarding the use of the nursing process; A qualitative study at a Public Tertiary Care Hospital, Peshawar, Pakistan

Kashif Khan, HIMS and College of Nursing, Pakistan

Title: The effect of educational intervention in the prevention of cardiovascular diseases in patients with hypertension with application of health belief model: A quasi-experimental study

Ali Khani Jeihooni, Shiraz University of Medical Sciences, Iran

Title: Nurses' perceptions regarding the use of the nursing process; A qualitative study at a Public Tertiary Care Hospital, Peshawar, Pakistan

Kashif Khan, HIMS and College of Nursing, Pakistan

Title: Excessive amounts of salt consumption and atheroma formation: A case study in Sri Lanka

Harischandra Amadoru, Sri Jayawardenepura General Hospital, Sri Lanka

Title: Revascularization or conservative therapy for intermittent claudication – a systematic review and metaanalysis of clinical trials with a follow-up period of 5 years or more

Ekaterina Zubova, Russian Federation

Title: Comparison of traditional and intensive cardiac rehabilitation on dietary behavior and clinical risk factor outcomes

Ruth Ramsussen, Liberty University, USA

Title: Regular education of healthcare professionals on cardiopulmonary resuscitation

Livija Susic, Health Center of Osijek-Baranja County, Croatia

Title: Integrative Cardiology: The Data Behind Mindfulness, Acupuncture and Yoga for Blood Pressure Reduction and Cardiac Health

Mariah Stump, Brown University, USA

Title: The Heart of the Matter: PHLDA1 Gene's Impact on Arrhythmogenic cardiomyopathy

Sandeep Kumar C, JAIN (Deemed-to-be University), India

Title: Behavioral Factors affecting Cardiovascular System among the young children in Bangladesh

Dr. Jannatul Ferdous, National Institute of Preventive and Social Medicine (NIPSOM), Bangladesh

Title: Cardiac Rehabilitation vs. Usual care therapy on Left Ventricular Ejection Fraction outcomes in Patients with Breast Cancer undergoing Chemotherapy: A Meta-Analysis

Dr. Mary Martinae L. Miro, Perpetual Succour Hospital, Philippines

Title: Empowering Patients Through AI: The Role of ChatGPT in Daily Monitoring of Blood Pressure and Blood Glucose Levels

Sergio Ochoa Andrade, Universidad Libre de Barranquilla, Colombia

Title: A Pericardial Paradox: Effusive–Constrictive Pericarditis Revealing Itself in the Eye of a Thyroid Storm — A Case Report

Rose Jean G. Cue, Perpetual Help Medical Center- Las Pinas, Philippines

Title: Reversal of Type 2 Pulmonary Hypertension after Levosimendan: A Challenging Approach Bringing New Insights

Helena Bernardi, Heart Institute of the Hospital das Clínicas of FMUSP, Brazil

Session: COVID-19 & Heart Health | General Cardiology & Related Research

Title: Intervention options: Depression and cardiovascular disease during COVID-19

Athena Stefanatou, Medical School of Athens, Greece

Title: Dentinary curetting: In vitro comparison of the efficiency of two eviction methods of infected dentine

Assia Mentouri, Badji Mokhtar-Annaba University, Algeria

Title: Development of venous thromboembolism and its impact on hospitalized adults with covid-19: Rapid systematic review

Andressa Pereira Rocha, Hospital do Coração - Hcor, Brazil

Title: Self-determination guided as a tool to improve the diabetes healthcare. Literature Revisión

Liliana González-Juárez, National Autonomous University of Mexico (UNAM), Mexico

Title: Usefulness of right ventricular-pulmonary artery coupling to predict mortality in pulmonary embolism

Jose Bonorino, Hospital Universitario Austral, Argentina

Title: REST API composition for effectively testing the cloud

Behailu Getachew Wolde, Mekelle University, Ethiopia

Title: A rare cause of systolic left ventricular dysfunction: A case report

Sabrina Omari, Hôpital Central De L'Armee, Algeria

Title: A rare case of large nonvalvular papillary fibroelastoma manifesting as vertigo and exertional dyspnea

Parisa Adib, Abadan University of Medical Sciences, Iran

Title: Insulin Signaling Rules Sinoatrial Node

Parand Shariat Rad; Mohammad Ali Nazari, Kermanshah University of Medical Sciences, Iran

Title: Global Perspectives on MINOCA: Insights from the Argentine Experience and International Comparisons

Mirza Rivero, Sociedad Argentina de Cardiología, Argentina

Title: Treatment of post-infarction left ventricular free wall rupture with intrapericardial thrombin application in a old patient with high perioperative risk

Martin Novak, Czech Republic

Title: Impairment in patients with Atrial Fibrillation: A Systematic Review and Meta-Analysis

Maria Del Pino Castillo, Universidad Nacional de Educacion a Distancia (UNED), Spain

Title: Perfusion Technology

Mahra Younas, Faisalabad Institute of Cardiology, Pakistan

Title: Outpatient Cardiovascular Rehabilitation Registry in Iran: The First Rehabilitation Registry Experience at EMR

Kasra Shokri, Isfahan University of Medical Sciences, Iran

Title: “When the right one fails” : A rare case of cor pulmonale and rasmussen’s aneurysm

Loren D.C. Gabayeron, Heart and Vascular Institute – Perpetual Help Medical Center, Philippines

Title: “RED FLAGS”: Case Report of Cardiac Amyloidosis

Loren D.C. Gabayeron, Heart and Vascular Institute – Perpetual Help Medical Center, Philippines

Title: Challenges in Managing Pulmonary Hypertension in the Developing Countries

Majdy M Idrees, TBA

Title: Myocarditis-related Heart Failure from Hemophagocytic Lymphohistiocytosis secondary to newly diagnosed Classic Hodgkin’s Lymphoma

Bernadette Alexis M. Mariño, Philippine General Hospital, Philippines

Title: Silicotuberculosis in Marble Handler

William Lainez, San Juan de Dios Hospital in Santa Ana, El Salvador

Title: MR-proADM as a Biomarker of Cardiovascular Complications in Patients with and without COVID-19

Paulina Pietraszko, Medical University of Bialystok, Poland

Title: Invasive Candida Discitis and Endocarditis in a Patient with an ICD and Multimorbidity: A Conservative Management Challenge

Zeyad Khalil, Manchester University, United Kingdom

Session: Cardiac Pharmacology and Therapeutics

Title: Evaluation of Safety of Switching Between Oral P2Y12 Inhibitors: A Descriptive Study

Sana’a AlSulami, King Abdul-Aziz Medical City, Saudi Arabia

Title: The effect of educational intervention in the prevention of cardiovascular diseases in patients with hypertension with application of health belief model: A quasi-experimental study

Ali Khani Jeihooni, Shiraz University of Medical Sciences, Iran

Title: Empowering patients through AI: The role of chatgpt in daily monitoring of blood pressure and blood glucose levels

Shrishti P. Khetan; Shruti Suresh Suvarna, American University of Barbados, USA

Title: Direct Oral Anticoagulants Use in Patients With Upper Extremity Deep Vein Thrombosis: A Meta Analysis of Efficacy and Safety

Ayman Zyada, University Hospitals of Leicester NHS trust, United Kingdom

Title: New Perspectives in the Treatment of Heart Failure with Preserved Ejection Fraction with SGLT-2 Inhibitors

Jose Natthanael de Aquino Gomes, University Hospital of Sergipe, Brazil

Title: Evaluation of expression of genes associated with post thrombotic syndrome

Ricardo Andre Viana Barros, Base Hospital of the Federal District, Brazil

Title: Therapeutic Influence of Intermittent Pneumatic Compression on Chronic Lower Extremity Lymphedema

Jeyatheepan Jeyaretnam, Instrumental Lymph Drainage Approaches, Germany
