

4th International Conference on Cardiology

Theme: Exploring New Research and Frontiers in Cardiology Care

Date
Nov 28-29, 2024

Venue
Bangkok, Thailand

SCAN ME

Day 1: November 28, 2024

Introduction : 08:45-09:00

KEYNOTE PRESENTATIONS

09:00-09:25

Title: Echo evaluation of pulmonary hypertension

Jiafu Ou, Washington University in St. Louis, USA

09:25-09:50

Title: The mystery of 'inflammation', heart failure, special structural molecules and antioxidant vitamins for prevention and enhanced treatment, myth or reality?

Ioannis Patrikios, School of Medicine, European University Cyprus, Cyprus

09:50-10:15

Title: Preoperative prediction of optimal method and site of left ventricular lead implantation to increase CRT response rate

Stepanova Vera Vladimirovna, The North-Western State Medical University named after I.I. Mechnikov, Russian Federation

Photo Session & Break: 10:15-10:30

ORAL PRESENTATIONS

10:30-10:50

Title: Demographic & socio- economic factors for hospital readmission in patients with chronic heart failure and its association with nutritional status and dietary pattern of these patients

Jahanara Arzu, Bangabandhu Sheikh Mujib Medical University (BSMMU), Bangladesh

10:50-11:10

Title: Unique case of recurrent acute stent thromobosis in ACS

M Siddharth, Southern Railway HQ Hospital, India

11:10-11:30

Title: Mitral valve prolapse arrhythmogenic syndrome

Guilherme Seer da Silva, Dante Pazzanese Institute of Cardiology, Brazil

11:30-11:50

Title: Expert consensus on ECG identification applied in the insurance industry

Zhong-Jian Li, Zhengzhou University Second Affiliated Hospital, China

11:50-12:10

Title: Study on using multimodal analgesia in postoperative cardiac ICU

Md Mezanur Rahman, Khwaja Yunus Ali Medical College and Hospital, Bangladesh

12:10-12:30	Title: Effective case of systemic hyperkalemia cardiopulmonary bypass for incomplete aortic cross-clamping during endoscopic minimally invasive redo mitral valve replacement
	Tomohisa Takeichi , Department of Clinical Engineering, Kitaharima Medical Center, Japan
12:30-12:50	Title: The role of stem cell therapy in managing Post-CABG atrial fibrillation: A therapeutic prospect
	Jonathan Alvin Wiryaputra , National Cardiovascular Center Harapan Kita Hospital, Indonesia
12:50-13:10	Title: Efficacy of different ablation technologies for atrial fibrillation treatment in a long-term follow-up period
	Adil Baimbetov , Syzganov's National Scientific Center of Surgery, Kazakhstan
Lunch Break: 13:10-13:40	
13:40-14:00	Title: A short and midterm follow-up of patients undergoing balloon aortic valvuloplasty in congenital aortic stenosis – A single centre experience
	Seenu Prasanth A , AIIMS Nagpur, India
14:00-14:20	Title: The economic analysis on the use of closed incision negative pressure therapy in high-risk patients following median sternotomy
	Rona Lee Suelo Calanao , Hull University Teaching Hospital NHS Trust, UK
14:20-14:40	Title: The link of vitamin D with cardiovascular autonomic function in newly diagnosed type 2 diabetes mellitus
	Visakamutharasi M , Jawaharlal Institute of Post graduate Medical Education and Research, India
14:40-15:00	Title: Masked cardiac tumor: Not everything is what it seems
	Mateo Anquiz , Sanatorio Anchorena, Argentina
15:00-15:20	Title: Structuring endovascular therapy for peripheral arterial disease - Lessons learned from German Hospitals
	Stefan Betge , Helios Hospital Salzgitter, Germany
15:20-15:40	Title: The study of conventional cardiovascular risk factor profile in first-degree relatives of patients with premature coronary artery disease
	Anushree Dinkar Kumbhalkar , All India Institute of Medical Sciences, India
15:40-16:00	Title: Post-infarction ventricular septal rupture
	Kim Seok Hyun , Pusan National University Yangsan Hospital, South Korea

Break & Refreshments: 16:00-16:10

16:10-16:30	Title: Simultaneous transcatheter aortic valve implantation and endovascular abdominal aneurysm repair. Case report Sergey D Maksanov , National Medical Research Center of High Medical Technologies named after A.A. Vishnevsky and MEDSI Clinic, Russian Federation
16:30-16:50	Title: Terminal QRS distortion on admission electrocardiogram as a predictor of left ventricular systolic dysfunction in patients with ST elevation myocardial infarction Mohammad Morshedul Ahsan , Shaheed Ziaur Rahman Medical College, Bangladesh
16:50-17:10	Title: Is it so much beneficial to repair moderate tricuspid regurgitation concomitantly in chronic rheumatic left heart valvular disease? A prospective randomized study Abha Chandra , Integral Institute of Medical Sciences and Research, India
17:10-17:30	Title: No-touch technique for saphenous vein graft harvesting in coronary artery bypass surgery: A meta-analysis of randomized controlled trials Tri Wisesa Soetisna , National Cardiovascular Center Harapan Kita Hospital, Indonesia
17:30-17:50	Title: LV-GLS as predictor for outcomes in COVID-19 Juan Armando D Diaz , Makati Medical Center, Philippines

POSTER PRESENTATIONS

SCC - P001	Title: The prevalence and associated risk factors for isolated systolic hypertension in Mongolia Dechmaa Jagdal , Ach Medical University, Mongolia
SCC - P002	Title: Clinical outcomes of early versus delayed discharge after primary percutaneous coronary intervention Mahrukh Mansoor Khosa , UK

Day 1 Concludes

Day 02: November 29, 2024

Introduction : 08:45-09:00

KEYNOTE PRESENTATIONS

09:00-09:25

Title: Closed-incision negative pressure therapy as a strategy to reduce sternal wound infection in identified high-risk patients: A multicentre propensity matched study

Rona Lee Suelo Calanao, Hull University Teaching Hospital NHS Trust, UK

ORAL PRESENTATIONS

09:25-09:45

Title: The emergence of cardio-oncology

Md Zaid Bin Eqbal, Rajarajeshwari Medical College and Hospital, India

09:45-10:05

Title: A new hope of CD133+ bone marrow stem cell for functional exercise capacity improvement in low ejection fraction coronary artery bypass graft patients: A clinical trial

Tri Wisesa Soetisna, National Cardiovascular Center Harapan Kita Hospital, Indonesia

10:05-10:25

Title: Differences in thermographic responses to aerobic and anaerobic exercise

Mickey Scheinowitz, Tel Aviv University, Israel

10:25-10:45

Title: The scimitar syndrome: A clinical case of surgical treatment of unusual anatomy of the pulmonary veins

Artemiia Hulich, National Amosov Institute of Cardiovascular Surgery, Ukraine

Photo Session & Break: 10:45-11:00

11:00-11:20

Title: Ketofol (ketamine/propofol) as a superior sedative agent to mitigate cardiorespiratory effects and alleviate pain when used for procedural sedation and analgesia: A review

Lampriani Papageorgiou, General Hospital of Nicosia, Cyprus

11:20-11:40

Title: Duplex sonography-guided interventions for thrombotic and non-thrombotic stenoses/occlusions of the anastomoses or venous segments of dialysis shunts

Stefan Betge, Helios Hospital Salzgitter, Germany

11:40-12:00

Title: Epicardial radiofrequency ablation of ventricular tachycardia that shared a pathway with bi-directional conduction in a patient with human immunodeficiency virus-associated cardiomyopathy

Tomoo Harada, St. Marianna University School of Medicine, Japan

12:00-12:20	Title: Heart conditioning as healthy medicine improves cardiovascular function in patients with cardiac enlargement and heart failure
	Andrew Ying Siu Lee , Jen-Ai Hospital, Dali, Taichung, Taiwan
12:20-12:40	Title: Comparison of De Vaga versus ring annuloplasty in patients with moderate to severe tricuspid regurgitation
	Javed Iqbal , Rawalpindi Institute of Cardiology, Pakistan
12:40-13:00	Title: LDL-cholesterol goals after acute myocardial infarction: Real-world data from Brazilian Public Health System
	Andre Bernardi , University Center FAPI, Brazil
Lunch Break: 13:00-13:30	
13:30-13:50	Title: Generalist practitioners' self-rating and competence in electrocardiogram interpretation in South Africa
	Langalibalele Honey Mabuza , Sefako Makgatho Health Sciences University, South Africa
13:50-14:10	Title: From sting to syndrome: Kounis syndrome triggered by an insect bite – A case presentation
	Mujeeb Ahamed M , Apollo Hospital, Oman
14:10-14:30	Title: Clinical case of zero fluoro radiofrequency catheter isolation of supraventricular ectopic foci in patient after orthotopic heart transplantation
	Evgenii Kropotkin , Federal Centre of Cardiovascular Surgery, Russian Federation
14:30-14:50	Title: A single-center comparative study of HeartMate II traditional implant criteria and HeartMate 3 optimized implant criteria
	Alexandru Mihai Cornea , Mater Misericordiae University Hospital, Ireland
14:50-15:10	Title: Quality of life evaluation in peripartum cardiomyopathy patients: A focus on women's heart
	Marija Vesic , Sremska Mitrovica General Hospital, Serbia
15:10-15:30	Title: Epidemioclinical characteristics of pulmonary embolism associated with covid-19 infection at Valgado Ouedraogo University Hospital in Ouagadougou
	Mahamadou Massaoud , Yalgado Ouedraogo Hospital, Burkina Faso
15:30-15:50	Title: Minimally invasive horizontal right axillary thoracotomy for repairing congenital heart defects in children
	Nguyen Sinh Hien , Hanoi Heart Hospital, Vietnam

Presentations

6

15:50-16:10

Title: Coronary-pulmonary artery fistula as cause of acute coronary syndrome: Endovascular treatment

Carlos Ivan Soledispa Suarez, ISACMED Cardiovascular Health Institute, Ecuador

Break & Refreshments: 16:10-16:20

16:20-16:40

Title: How does Mindful Based Stress Reduction (MBSR) affect patients with Cardiovascular Disease (CVD)? A systematic review

Arwa Alsaber, KFSHD, KSA

16:40-17:00

Title: TBA

Yang Hong, USA

17:00-17:20

Title: Temporal trends and burden of rheumatic heart disease in South Asia: A comprehensive analysis of three decades from global burden of disease study

Abdul Hameed Bhurgri, NICVD, Pakistan

17:20-17:40

Title: Stroke risk factors in Bujumbura

Daniel Nduwayo, Burundi University, Burundi

Day 2 Concludes

***Note:** You are requested to be present at the event right from the introductory session as there might be some changes in the event schedule and so the presentation timings may vary. In that scenario, your presentation slot may get preponed or postponed by a fair deal of time (in rare cases) to ensure a smooth running passage of the program without any delay. So, we request you to please be prepared to present your work whenever your turn comes up. Your understanding in this regard is very much appreciated.

Speaker slots are available. To book your slot, please mail us at heart@scientexconferences.com or WhatsApp at +1 929 224 5068
